

SBA Certified Service-Disabled Veteran-Owned Small Business (SDVOSB)

Facility Maintenance • Building Repair • ADA Improvements • Small Construction Projects

Phil Green, President | 618-401-1036 | info@rapidrepairpro.com | www.rapidrepairpro.com

Serving Federal Agencies Throughout the St. Louis Region

COMPANY OVERVIEW

Rapid Repair Pro LLC is an SBA Certified Service-Disabled Veteran-Owned Small Business (SDVOSB) providing facility maintenance, building repair, ADA improvements, and small construction services for government, healthcare, commercial, and institutional facilities.

Based in the St. Louis Metro East, we specialize in the repair projects that are too large for in-house maintenance teams and too small to attract large construction firms. With 35+ years of construction experience and hundreds of completed projects, our team delivers responsive service, quality workmanship, and minimal disruption to daily operations.

Rapid Repair Pro helps government facilities complete the repair, maintenance, and small construction projects that are too large for in-house maintenance teams and too small to attract large general contractors.

THE RAPID REPAIR PRO DIFFERENCE

We specialize in the repair, maintenance, and small construction projects that are too large for in-house maintenance teams and too small to attract large general contractors.
